

ICPHSO
Inclusion Initiative
June 19, 2018

As we continue to celebrate ICPHSO's 25th Silver Anniversary, we will apply 25 years of shared collaboration with the aim of taking ICPHSO's longstanding commitment to stakeholder inclusion to an even higher level within the product safety community. Product safety has no boundaries and is non-partisan from the human perspective. We envision a future where our stakeholders and conference participants broadly reflect the product safety community from this human perspective. To this end, on June 19, 2018, we announced at the 2018 ICPHSO Northwest Regional Product Safety Training Workshop, in Seattle, WA our "Inclusion Initiative." This initiative reflecting the talented young people coming up within the organization, as we further welcome the vision of people of all ages, colors, origins, and affiliations.

Carol Roberts, Associate at Cooley LLP, London will lead the Inclusion Initiative as we strive to take ICPHSO to an even higher level of stakeholder inclusion within the product safety community.

To continue to represent the global safety community into the next 25 years, we embrace all stakeholder human compositions having an opportunity to reach the dais and lead us into the future. We look forward to you being a part of this important conversation as we launch the ICPHSO 25th Anniversary Inclusion Initiative.
